BUSINESS COLLEGES

It Takes Time, Vision and Idealism!

No business could be built overnight. To believe otherwise is folly. A school of business can grow in prestige and influence only as the years go by and it proves its worth to the community it serves. Choose a school whose growth has been steady over a long period of years.

The DOMINION has enjoyed a steady growth for nearly thirty years. Its graduates are welcomed as office assistants by employers and executives alike. The DOMINION is respected not only by the business community but by orthodox educators as well.

A DOMINION diploma is accepted as definite evidence of training for particular duties for business employment.

Fully approved by the National Association of Accredited Commercial Schools

Two Significant Emblems.

It Pays to attend a Good School.

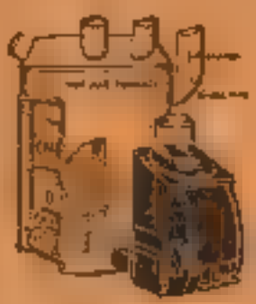
IRON WORKS



VULCAN IRON WORKS LIMITED

WINNIPEG MANITOBA

ESTD. 1874

THE AUTOMATIC STOKER

MODERN SOCIAL STANDARDS demand the elimination of CHORES of providing HOME HEAT. The increasing EXPENSE of same also demands that maximum COMFORT be obtained at a MINIMUM COST.

DRESS and HEALTH also demand THAT THE DESIRED INTENSITY OF HEAT be maintained evenly in the home without having to take into account the daily or seasonal variations in outside temperature.

All can be obtained by installing the AUTOMATIC STOKER as illustrated here and manufactured by the VULCAN IRON WORKS LIMITED in Winnipeg.

Further: if your heating system is sluggish or too small, the AUTOMATIC STOKER will also improve this.

There is an AUTOMATIC STOKER for every class of heating—HOT-AIR, HOT WATER or STEAM BOILER for the smallest home or the largest Apartment Block.

QUICKLY INSTALLED AT ANY SEASON

MADE IN WINNIPEG BY WINNIPEG LABOR

OTHER PRODUCTS MANUFACTURED BY THE VULCAN IRON WORKS LIMITED ARE BOILERS, TANKS, SMOKE STACKS, STRUCTURAL STEEL, STAIRS AND FIRE ESCAPES ELEVATING MACHINERY MINING EQUIPMENT: CAGES, SKIPS, CARS ORE BUCKETS GRINDING BALLS GRAIN ELEVATING MACHINERY, GRAIN DUMPS CASTINGS IN IRON AND STEEL AND ALLOYS

City of Winnipeg

City Seal

The above is a fac-simile of the City Seal, adopted by Council June 1st, 1874, the motto of which is

The Buffalo, the hardy, fearless, nomadic monarch of the plains, who held original possession and held away where the City of Winnipeg

The Engine, the civilizing mechanism of man's ingenuity displaced buffalo, was the forerunner of prosperity and is the means of social and commercial communication which he City enjoys with the world.

The Sheaves of Grain represent the source from which the prosperity of this City emanated and are emblematic of our City as the Gateway of the Golden West and as the greatest grain centre in the world

The City of Winnipeg is the capital of the Province of Manitoba, Canada.

The name WINNIPEG has the origin in the Indian Cree name given to the lake 40 miles north, meaning "Win," muddy, "nipee," water

Winnipeg is situated in Latitude 49° 54' N. Longitude 97° 05' W., at the confluence of the Red and Assiniboine Rivers 40 of Lake Winnipeg and 60 miles north of the boundary lines between Canada and the United States of America, almost midway between the Atlantic and Pacific Oceans and at an altitude of 760 feet above the seaboard level of New York

m a Hudson's Bay trading post (Fort Garry) in 1870, with a population of 215, Winnipeg has grown to the size and polish of a first class city of 315,000 people. When the city was incorporated in 1873 there were

way connection from St. Paul, Minn. had reached a point just across the river from Winnipeg, and in 1860 railway communication was established over the Canadian Pacific way from the East. With the advent

stream of travel and trade with influx of population was started and has resulted in the building up of a city of a size and importance that is exceeded by only two cities in the Dominion of Canada

Winnipeg is now the greatest grain American continental commercial wholesale and manufacturing centre of the middle west, owing to its geographical location, its very complete railway facilities, with branches

n the provinces and the Northwest and an inducement for the esta

system, the cheapest electric power of any city in America. The new soft water supply is adequate for the needs of a city of one million in-

The Council is composed of a Mayor and eighteen aldermen. The Mayor is elected every two years from a vote of the entire City. Three aldermen are elected annually from each of the three wards into which the City is divided and hold office a term of two years. By provision of the Winnipeg Charter only the

ural born or naturalized subjects of His Majesty and of the full age of 21 years, able to read and write, who are resident within the City and who have such other qualifications as the Council may fix by by-law and are not subject to any disqualification under the Charter shall be eligible for election as Mayor or Alderman.

Winnipeg has 70 public schools with an attendance of over 40,000, 6 colleges, the Provincial Agricultural College, built at a cost of $5,000,000 the University of Manitoba, art gallery bureau of arts and arts museum permanent exposition of products manufactured in the city, 3 libraries with 35 branches

The Public Schools are under the control and supervision of the School Trustees, consisting fifteen members, five for each of the three wards

The Police Department is administered by a Board of Police Commissioners, which consists of the Mayor the Senior County Court Judge, the Police Magistrate and two members of the City Council appointed annually.

PUBLIC PARKS

public parks and with a total area of 1,035 acres the exception of Assiniboine, Kildonan, St. Vital and Windsor Parks, and the two Golf Courses, are located within the city limits close thereto, so as to afford open-air space and recreation grounds easily accessible to the citizens.

The Public Parks of the City are placed under the control and supervision of a Public Parks Board, composed of the Mayor, seven other members of the City Council, and also six ratepayers appointed by the Council. For the purpose of provid-

ment exceeding one mill on the dollar upon the assessed value of all the rateable property in the City, such

HUDSON'S BAY COMPANY HISTORICAL EXHIBIT

The Historical Exhibit of the Hud-

terial in Canada. The visitor on entering, comes upon a moving exhibit—a series of cut-out figures passing slowly in review behind a

First comes an English courtier of 1670, next a sailor of the period, then a fur-trader then an Indian with a beaver skin, and so on passing

and the surrender of the west, up to the final scene which depicts a modern H B C store delivery truck with a uniformed messenger bringing in parcels. Thus in eighty seconds is told in synoptic form the history of the past 260 Years.

This exhibit stands at the entrance but the visitor is presented with a short summary of what he is going to see. From there he passes into the main body of the room which is d

The first section, Founding is necessarily limited in the main to pictures, maps, and documents. But also a fine model of the ship of 1668 and the case of raw furs, and a mounted beaver to illustrate the reason why the Company was formed.

The second section deals with the early forts on Hudson's Bay, and the struggles with the French.

to above. After that comes the North West Co. section, then the Selkirk Settlement, and then union with the North West Co. and the regime of Sir George Simpson

Thus begins the fifty-year period of expansion, during which the Company rose to its greatest power and the story widens out into the vast territorial divisions where it explored and trad. There are the Pacific Coast, Mackenzie Area, Arctic and Labrador and Plains sections, and together they illustrate the epic story of the peaceful penetration of half a continent by men of the Hudson's Bay Company

But interspersed among these are articles of trade, showing how beads were substituted for porcupine quills, cloth for bucks Thread for sinew and metal weapons and utensils and ornaments for those of stone and bone and ivory.

brilliant beadwork, and an especially striking suite has been added by the gift of a twelve-foot Stoney in one corner. This is backed by a unique buffalo robe, worn by the famous Blackfoot chief, Crowfoot, and given by him as a wedding present to Chief Trader Hardisty in 1866.

[illegible] Fort on the glory beginning [illegible] of the Great Company. At the start [illegible] is the only one of its kind in Canada—of the H B C Brigade leaving Fort Vancouver for the Company's post at Yerba Buena, where San Francisco is now. There is a large section devoted to Transportation, including a dozen ship models, both sail and steam, a birch bark canoe, a dog cariole, and the nameboard from the S.S. "Beaver," first steamship on the Pacific Ocean, while innumerable pictures show the various methods of transportation past and present, by water, land, and air.

Next comes Life in the Posts, with a case of utensils, one of books, one of documents, one of small arms, and one of long arms. The geographical range covered by this section is immense. For instance, there is a lock and key from a post in Labrador and a belt from a post in Alaska, a letter from Sir James Douglas at Fort Victoria, and a ledger from York Factory, a buffalo gun from the Plains, and a broadsword from Fort Nelson.

There follows the After 1870 section, illustrating the transfer of the jurisdiction of the Northwest to the newly-formed Dominion of Canada, the consequent troubles with Riel and his halfbreeds, and the ensuing Government treaties with the Indians, in which H B C men acted as the indispensable go-betweens and peace-makers.

In the 20th century section there are fine colour photographs of the ceremony at Fort Garry Gate whereby the Company paid its rent of "two elk heads and two black beaver pelts" as laid down in the Royal Charter to King George Va[illegible]

The [illegible] exhibit [illegible] is kept a [illegible] trade store [illegible] Pre-[illegible]de store [illegible] as a display window for the larger stocks on the lower floors of the building.

Thus the concluding exhibit not only illustrates the basis of all the Company's far-flung operations, but also strikes a final note of life and activity very different from the air of death and stagnation so often associated with the old-style museum.

[illegible]

[illegible]

HENDERSON'S
Winnipeg
Streets and Avenues
1940

This section is presented in condensed form. Full information will be found in the Alphabetical Directory

AVENUES run East and West and are numbered under 100 East of Main Street Main to Princess 200 to 300, West of Princess 300 and upwards.

STREETS running North and South are numbered from the Assiniboine River as a base Northwards, and again from Notre Dame as a base Northwards.

The word "street" is always implied.

NOTICE

✱ The [illegible] following the residence name indicates that to be [illegible] of our Knowledge something is the house is occupied

✚ **This Symbol indicates that a telephone is located at this number on the street.**

This new Home Owners Telephone and Phone Directory has been compiled from information taken [illegible] house-to-house canvass. While we do not guarantee [illegible] we believe it to be very accurate and complete, as far as it has been possible [illegible] of persons moving from streets at each residence. Where occupants have been absent the proper information has been left out
